

### Brainstorming and Idea Prioritisation

|                      |                                                 |
|----------------------|-------------------------------------------------|
| <b>Date</b>          | October 2026 01                                 |
| <b>Team ID</b>       | SWTID-2026-5847                                 |
| <b>Project Name</b>  | Import Data Using Transform Maps (Spreadsheets) |
| <b>Maximum Marks</b> | Marks 3                                         |

#### Step 1: Brainstorm and Idea Listing

.Each team member lists out as many ideas as possible without judging them at this stage

| S.No | Team Member     | Idea / Suggestion                                                         | Category                      | .Group No |
|------|-----------------|---------------------------------------------------------------------------|-------------------------------|-----------|
| 1    | Vijay PG        | Creation of Spreadsheet and Tables                                        | Data Preparation              | 1         |
| 2    | Vignesh Kumar S | Create Import Set Table and Transform Map                                 | Import Set&Transform Map      | 2         |
| 3    | Vijayarajan G   | Transform Data, Validate Data and Enable Coalesce to Avoid Duplicate Data | Transformation&Data Integrity | 3         |
| 4    | Vikash A R      | Insert New Data in Excel Format                                           | Data Import                   | 3         |
| 5    | VinothKumar M   | Create Reports and Add Reports to Dashboard                               | Reporting&Dashboard           | 4         |

#### Step 2: Idea Prioritization

Rate each grouped idea on feasibility and importance, then select the final idea(s) to move forward with

| .Group No | Final Idea                                  | Feasibility High/Medium) (Lo w/ | Importance High/Medium) (Lo w/ | Priority | Selected (Yes/No) |
|-----------|---------------------------------------------|---------------------------------|--------------------------------|----------|-------------------|
| 1         | Spreadsheet and Table Creation              | High                            | High                           | Yes      | Yes               |
| 2         | Import Set Table and Transform Map Creation | High                            | High                           | Yes      | Yes               |

|   |                                                               |      |      |     |     |
|---|---------------------------------------------------------------|------|------|-----|-----|
| 3 | Data Transformation, Validation, Coalesce and New Data Import | High | High | Yes | Yes |
| 4 | Reports and Dashboard                                         | High | High | Yes | Yes |
